6 of 6 review helpful Great book but no transcription key By C Morgan The books has a lot of great information and it is helpful However the dictation on the cd is not really very useful if you don t know if your transcription is correct

you will never know You need a key to see if you transcribed the dictation correctly key only available to instructors 2 of 2 review helpful Good b Teaching users how to transcribe actual medical dictation so that they can develop the selective hearing skills and experience necessary to gain competency as a medical transcriptionist this guide offers a unique combination of authentic physician dictation by body systems coordinated readings and exercises by medical specialty and supplementary information vital to every medical transcriptionist Supports text with six hours of authent
